

Advantech UTC-100 Series - Slim, robust and flexible for retail and hospitality

- ✓ **Slim design for easy integration**
Ultra-thin design (from 29.5 mm) saves space and enables elegant installations in customer areas.
- ✓ **Wide range of stand and mounting options for flexible placement**
With feet, wall or VESA mounts, the system can be optimally integrated into existing infrastructures.
- ✓ **Multiple touch display sizes**
Available in 15.6", 21.5" and 23.8" with PCAP - supports landscape and portrait mounting.
- ✓ **Fanless & IP65 protection for continuous operation**
Dust-tight, noiseless system - ideal for 24/7 self-service stations.
- ✓ **Flexible peripheral expansion**
Modular: Barcode scanner, camera, RFID, card reader & LED strip optionally available as additional equipment.
