# Advantech UTC-300 Series

## Advantech UTC-300 Series - All-in-one touch computer for retail & hospitality

✓ **Display sizes from 7 to 21.5 inches and a wide selection of processors**
For different performance requirements and space conditions.

✓ **Robust front with IP65 protection for long-term use**
Dust and splash-proof front, ideal for harsh industrial and commercial environments.

✓ **Fanless design for low-noise and low-maintenance operation**
Reduces maintenance effort and enables operation in sensitive areas.

✓ **Flexible mounting options for various application scenarios**
Supports wall, panel, table and kiosk mounting thanks to VESA-compatible design.

✓ **Modular peripherals for individual requirements**
Expandable with RFID/NFC, barcode scanner, camera, MSR and smartcard reader.

# Advantech UTC-300 Series
